

LIMITED TITLE RUNSHEET

CERTIFICATION/DISCLAIMER

This is a limited title runsheet prepared strictly for the establishment of record title to the respective tracts as requested by [REDACTED]. The runsheet has been derived from records reviewed at the County Clerk's Offices, Cass County, Texas. This examiner assumes no responsibility for mis-indexed instruments and assumes no responsibility for legal matters in character, nor renders any opinion as to the title to the subject property or any interest therein. No survey was made and no responsibility assumed in connection with the accuracy of maps and or plats furnished.

*Due to time restraints no District Clerk Records were researched. Any suits of title for possession could change the net mineral ownership reflected in my mineral ownership breakdowns.

The attached Limited Title Runsheet is based on documents of record found in the indices and/or records of Cass County Clerk's Offices of Cass County, Texas within the time given.
